FATHER MURDERS CHILDREN—SUICIDES

THREE TOTS VICTIMS OF MAN'S
AWFUL DEED

SEPARATION FROM WIFE
BLAMED FOR TRAGEDY

Letter Left Accuses Mother of In-
fidelity.—Arrangements for Burial,
Made Before Act was Committed,
Shows Premeditation.

San Francisco.—Despondent over estrangement from his wife, George A. Lohse, 35, a baker, shot his three small children and committed suicide. Two of the children, Betty, 5, and Marion, 9, were instantly killed when shot through the head. The third child, Frank, 9, died at the San Francisco hospital, without regaining consciousness.

The shots were heard by neighbors and the police responding found the bodies of the children and Lohse. Notes found indicated that Lohse had carefully considered the entire tragedy and had made arrangements with an undertaker for the burial of himself and children.

The cause of the shooting was told in a letter written to the police and coroner by Lohse, which said that separation from his wife had followed alienation of affections by another man. He wrote that his wife left home and children a week ago and went to the home of a woman friend to live. He also accused the wife's friend with exercising undue influence in their domestic troubles.

A nine-page letter, addressed to his wife, was found by the police, in which he outlined the cause of the breach and motive for taking his life and the children's.

In this letter Lohse informed his wife of attempts at reconciliation on his part and of their ultimate failure which ended in his decision to end it all.

Mrs. Lohse, who had visited a lawyer's office to approve divorce papers which she contemplated filing, was notified, and visited her son for a few moments at the hospital. She left before he died.

C. A. Anderson, undertaker, from whom Lohse purchased a burial plot in the cemetery, said that the actions of Lohse did not arouse his suspicions although he appeared considerably agitated and nervous.

On one of the notes written by Lohse his wife was asked to complete the funeral arrangements and pay for them out of funds from an insurance policy for \$1,000, which was attached to the note.

Sympathy for the dead man by residents of his neighborhood was shown when a group, mistaking a woman in an automobile near the place for Mrs. Lohse, threw stones at the machine and threatened her.

PAPER COLLECTS \$8,000.00 ON
EDITION'S ANTI-RAIN POLICY

Milwaukee.—The first time in history that a metropolitan daily newspaper has collected rain insurance on an edition of its newspaper occurred here, when the Milwaukee Journal company collected \$8,000 insurance because of several hours' rain on an insured special real estate edition of its Sunday paper.

The policy was taken out to insure the advertisements of real estate men, who expected to show lots and homes on the Sabbath. The Journal agreed to republish all advertisements the following Sunday.

Dispute Stirs Methodists

Springfield, Mass.—An unexpected discussion of fundamentalism and a resolution indorsing the world court has occupied the attention of members of the Methodist Episcopal church here. A bitter controversy over the virgin birth was foreshadowed when sufficient strength was mustered among the modernist delegates to block a fundamentalist resolution.

G. O. P. Committee Head Quits

Washington.—John T. Adams has resigned as chairman of the Republican national committee and President Coolidge has recommended William M. Butler, Republican national committeeman of Massachusetts, as his successor. Adams will not leave his post as party chief until after the incoming Republican national committee has been organized.

Police Hunt Slayer's Attorney

San Francisco.—Police are searching for Attorney O. V. Willson on a charge of embezzlement sworn to by Mrs. Estella Hard, mother of William Hard, 17-year-old slayer, whom Willson was employed to save from hanging. Attorney B. D. Marx has taken charge of the legal fight to secure further commutation of sentence.

PRESIDENT REJECTS VETERAN MEASURE

UNWARRANTED EXPENDITURE OF
TAXPAYERS' MONEY

COOLIDGE LAYS STRESS
ON NEED FOR ECONOMY

Veto Message to Congress Follows
Course of Harding.—Says the Bur-
den of the Taxpayers "Must Be
Decreased."

Washington.—The Bursum pension bill has been returned to the senate by the president without his approval, and with a message pointing out his reasons for withholding his signature.

The president and congress thus faced the first test over a vetoed measure, as Senator Bursum immediately announced that he would attempt to pass the bill over the president's veto.

In his message, Coolidge claimed, among other reasons for his disapproval, that:

"No conditions exist which justify the imposition of this additional burden upon the taxpayers. . . . All our pensions were revised and liberal increases made no longer ago than 1920. . . . The need of economy in public expenditures at the present time cannot be over estimated. . . . No requirement at the present time ranks with the necessity for the reduction of taxation. . . . Every proposal for legislation must be considered in the light of this necessity. . . . The advantage of a class cannot be greater than the welfare of the nation."

The president also cited figures of the commissioner of pensions, claiming that the proposed addition to the pension roll would total approximately \$242,000,000 for the first five years and \$415,000,000 for the first ten years.

COAST TO COAST AIR MAIL
WILL BE INAUGURATED JULY 1

Washington.—Inauguration of daily air mail service between New York and San Francisco on July 1, when new appropriations become available, has been announced by the postoffice department. This will make it possible to send letters from New York to San Francisco in thirty-two hours and five minutes, while the eastward trip from the Golden Gate to the Statue of Liberty will require thirty-four hours and forty-five minutes, due to differences in time. A letter leaving New York at 10:30 a. m. would reach San Francisco at 6:30 p. m. the following afternoon. Train time is three and one-half days.

This innovation has been made possible by the development of night flying over a lighted pathway 1,000 miles long between Chicago and Cheyenne. Tests have shown a 100 per cent performance.

NEW OUTBREAK THREATENS
IN CUBAN INSURRECTION

Washington.—The Cuban government has asked the United States to sell it enough war materials to enable it to suppress the revolution which has broken out in Santa Clara province and threatens to spread elsewhere. The request will be granted, it was learned, this action on the part of the administration following naturally on the heels of the embargo which President Coolidge placed against shipment of munitions to rebel leaders in Cuba.

Another test of the American government's Latin-American policy is developing in the situation in Cuba, observers here believed. With the danger of a revolution daily becoming greater, some quarters say the United States soon may have another Mexican situation on its hands.

German Reparation Vote

Berlin.—The first returns from all parts of Germany indicated that the policy of moderation was winning in the German Reichstag elections and that, on the basis of these incomplete returns, the German people apparently had accepted and would fulfill the experts' report. It seemed possible, however, that the two-thirds vote of the Reichstag necessary for acceptance of the Dawes plan might theoretically be lacking. Yet an analysis of the party lineups demonstrated that it will still be assured.

Two States for McAdoo

San Francisco.—McAdoo had an almost clean sweep in the Texas primaries with forty-five delegates instructed for him, against thirty-one for Senator Underwood and twelve uncommitted, according to unofficial figures. Washington's fourteen delegates to the Democratic national convention were pledged to vote for him by the state convention of the party. Expected opposition to the McAdoo indorsement there did not materialize.

DR. HENGSTLER COMES TO CAMPBELL

Dr. W. H. Hengstler, an experienced physician and surgeon, of St. Paul, Minnesota, has come to Campbell to make his permanent home and is fitting up modern office rooms in the Curry building opposite the bank and postoffice.

Dr. Hengstler has had fourteen years of practice in his profession, most of that time in the busy city of St. Paul. He also had twenty-three months of active service on the front in the late war in France, where he held responsible positions in the Medical Department.

Through his friend, Dr. Glyer, of Sunnyvale, his college chum and companion in the war, he was induced to visit California last fall and after a careful inspection of the State he decided at that time to come to Campbell whenever he was ready to make the change. He said that probably the most influencing factor to his choosing Campbell as his future home was the beautiful new school building. "It is the surest indication of a live progressive community and that was what I was looking for."

He declares that Campbell looks good to him and the Campbellites who have made his acquaintance declare that the Doctor looks good to them.

His family, consisting of a wife and young daughter, is expected to be here in a few weeks and they will find a welcome awaiting them from our community.

CLEAN-UP WEEK SET FOR MAY 12-17

At the last meeting of the Campbell Improvement Club a member gave a talk on the subject of a Cleanup Week for Campbell. He said it seemed a shame that our town should be behind other small towns in this respect.

Suggestions were made by the chair and other members of the club with the result that the third week in May was named for "Annual Clean-up Week." As a part of the activity of the week the club decided that the trimming of trees along our sidewalks is a very important item. To assist citizens in this work a committee of four men were appointed each to work in a separate territory and to secure their own helpers. The gentlemen appointed to this committee are Geo. Whitney, J. F. Wehmeyer, C. B. Miracle, and Rev. F. C. Farr.

The occupants of homes may in this way have help about trimming trees if they need it.

Citizens are requested to cut all weeds and grass, not cared for as lawns, especially along the curbs outside the walks.

The Improvement Club will attend to hawking all refuse away free of charge during clean-up week, May 12 to 17.

BIG GRAFT JOB

P. B. Payne has recently returned from a real grafting job on the big Anderson and Barngrover walnut farm near Linden, Cal. This acreage is believed to be the largest single walnut planting in the United States and is a big asset to this prominent industry of San Joaquin county. That county now boasts of about 7,000 acres of these nut trees and more are being set each season.

Mr. Payne is an experienced grafter of various trees and this season has grafted over 30,000 feet of choice walnut scions for the A-B firm. The original planting was black walnut, and the grafts are of the English Payne variety which bears a much larger crop of good quality. It is estimated that the crop of this orchard will approximate \$60,000 this year on young trees.

J. C. Ainsley was a business visitor at San Francisco Tuesday.

DR. BLAND ADDRESSED PUNDITA CIRCLE

The ladies of the Pundita Circle enjoyed a very delightful afternoon Wednesday at the Campbell community room when Dr. Henry Meade Bland, of the San Jose State Teachers' College, was present and gave a number of readings from his published works and a few which have not as yet been sent to the printer.

Mr. Bland opened with a group of four line stanzas. His selections were all made of greater interest by the history or incident which led to their construction.

Exerpts from "The Keeper of the Sheep" were interpolated in an interesting account of the chief character in that poem.

From his recent verse he told about the composition of the "Chant Royal" and read "Love's Chandelier" and from Sonnets to Mt. Hamilton, the one to Dr. Campbell.

The three volumes of Dr. Bland's verse had been given to members from which to choose and read. Mrs. Williams selected "The Man on the Trail" and "A Day on Summer Seas." Mrs. Tate chose "The Unanswerable," and Mrs. Clendenning, "A Ballad of Peace." Mr. Bland said that of his friends, Pres. Lyman Wilbur's favorite was the last named and Geo. Sterling's the second and that Edwin Markham's was the last stanza of the long poem, "In Yosemite."

In answer to roll call, short selections from the works of the author were read.

The musical numbers were two bird songs, "Yellow Hammer" and "The Owlets", sung very sweetly by Miss Helen Kalas, accompanied by Miss Bozena Kalas and two numbers by the high school quartet, Antone Bonaccorso, Franklin Blaine, Gayno Eddlemon and Yale Maxon, whose rendition of "O Sole Mio" and "Old Gang of Mine" was very pleasing. Miss Patrice Smith was their accompanist.

The hostesses served refreshments during the social hour when an informal reception was held for the guest of honor.

MISS SMITH IN PIANO RECITAL

This week, May 4 to 10, is National Music Week and during this time every one should give some thought and attention to music.

There are several musical events scheduled for every day of the week in San Jose. One recital of especial interest to Campbell is that of Patrice Adel Smith, talented young pupil of Mrs. Emily P. Gard.

This will take place Saturday evening, May 10, at eight o'clock at Sherman Clay Hall, 141-145 South First Street.

The public is cordially invited. Miss Patrice has appeared at a number of entertainments and club affairs and her music has met with much favorable comment and her wide circle of admirers anticipate great success for this event.

The program follows:

Prelude and Fugue in G Minor
J. S. Bach
Prelude, op. 28 N. 1 and No. 3, Chopin; nocturne, op. 15 N. 1, Chopin; waltz in E Minor, Chopin; etude, op. 20 No. 2, Chopin.
Arabesque, Debussy; The Sea Palmgren; "Lento, Cyril Scott; En Automne, Moskowski.

Concerto in G Minor, op. 25, Mendelssohn; Molte allegro con fuoco; andante; presto; 1st piano (solo), Patrice Adel Smith, 2nd piano, Emily Pannel Gard.

The Methodist Episcopal church will observe Mother's Day at the 11 o'clock service, Sunday, May 11.

HIGH SCHOOL OPERETTA PROMISES REAL ARTISTIC ENTERTAINMENT

Patrons Will Tax Auditorium Capacity

May 16th is the definite date set for the presentation of the annual operetta of the Campbell Union high school, "The Gypsy Rover" will be given in the Campbell grammar school under the direction of Prof. Halamick. Everyone remembers the success of last years operetta and it is guaranteed that this one will be fully as pleasing.

"The Gypsy Rover" is appropriately named, for it is colorful, romantic, and full of delightful music. The interesting story is centered about Rob, later known as Sir Gilbert Howe, of English nobility. The one who takes this part is none other than Frank Blaine, and we know his success with a singing role. Lady Constance Martendale, who is in reality, Marie McCoy, is lost in the woods, and comes upon the gypsy camp where she meets Rob, and they fall in love at first sight. An English fop, Lord Craven, the finance of Lady Constance, objects to Rob's attentions to Constance, and finally succeeds in having him thrown into prison from which he later escapes. This part is cleverly interpreted by San Reed, who brings out the comedy element in the scenes with Marto and Sinfo, two gypsies, who are better known as Richard Shelley and Antone Bonaccorso. The role of Marto's wife, Meg, who had stolen Rob when he was a baby, is well taken by Margaret Moore,

who has a very fine voice. The gypsy lad, Sinfo, is enamored of Zara, a flirtatious gypsy girl as portrayed by Florence Williams. The character of Sir George Martendale, Constance's father, is well depicted by Kenneth Peake, whose good work in the Senior play brought him recognition. A well-acted, romantic love scene takes place between Lady Constance's younger sister, Nina, and a certain captain Jerome, who are Ruth Matteson and George Blaine. Miss Otterman is coaching these characters in snappy repartee.

Supporting the principal cast is a large chorus of fine voices, which is being drilled in all the intricacies of the light fantastic by the teachers, Miss Boesch and Miss Jenkins. The first act is laid in a gypsy camp in a forest near London. Part of the chorus in gay attire will entertain you with dancing and lilted gypsy music. In the same act another will enter with Sir George Martendale just returned from a fox hunt. The second and third acts continue the story in contrast and are the interior of Sir George's home with society choruses. Here Rob serenades Lady Constance—but to tell more would spoil it all. Come and see the happy ending on Friday evening May 16. Tickets on sale at the high school. Reserve them now and see "The Gypsy Rover" from your favorite position in the auditorium.

Cast of Characters

In order as they first appear.

Meg (Rob's foster mother) an Old Gypsy.....Margaret Moore
Zara, the belle of the gypsy camp..... Florence Williams
Marto, Meg's husband..... Richard Shelley
Sinfo, gypsy lad in love with Zara..... Antone Bonaccorso

Take Him from My Sight (Finale)..... Sir George, Constance and Chorus.

Act III

Bye and Bye..... Rob
Grand Finale..... Entire Company

Synopsis

Act I. A gypsy camp near London, Morning.
Act 2. A room in the home of Sir George.
Act 3. Same as Act 2.
Between Acts 1 and 2, two weeks is supposed to elapse.
Between Acts 2 and 3, two years is supposed to elapse.

R. H. Robb, of San Jose, is "mixing the drinks" at the Orchard City Drug Store while Mr. and Mrs. Beall with relatives are enjoying a two week's vacation at Monterey Point.

Jos. Bohnett who was operated upon recently is convalescing very satisfactorily and was brought home Saturday. His host of friends are looking for return to his wonted activities.

The modern way of freeing the home of the house-fly is by spraying into the air a solution called No-Mor-Fly. We have it in pint cans with sprayer for 65c

DEATH TOLLS PAID AT GRADE CROSSINGS

There is always some otherwise sane person willing to take a chance at a grade crossing and gamble with death. How many of these chance-taking folks there are is attested by the death tolls payable at railroad crossings. Here is a visualization of what happens to those who do not stop, don't look and don't listen when they come to grade crossings, but take a chance to beat the train to it. The party in this car took the chance. They disregarded the flagman's signal. The inevitable smash and loss resulted. It was the most realistic grade accident which could happen. The stunt was staged by the New York Central railway in connection with the automobile club of Corning, N. Y., at Corning, as a warning to those who are apt to become careless when coming to a grade crossing. The figures in this case were dummies. They didn't know better—don't be a dummy. Be careful.

"CLEAN UP" TIME

Clean up! Spring cleaning is with us again. If everybody leaves it for somebody else to do, nothing will be done except in a perfunctory manner, but if we all "go to it" with a determination to excel, it will only require a small amount of work on the part of each individual.

The logical way to do a thing, is to pitch in and stay with it until it is accomplished, and then hold it there—don't allow any slipping back to the old level. Mediocre results may be good enough for some localities, but they are not satisfactory to the people in this town. We want something better, something in keeping with the thrift and intelligence of our community.

Now is the time for action.

THE DAWES REPORT

The committees of experts, headed by General Dawes, makes its report on the reparation plan. While both France and Germany have already offered objections, it is only what might be expected from two nations who have long been at swords points. The French are naturally emotional. The Germans, at best, have a long, hard grind on national resources staring them in the face. It would seem that not until the less interested nations have an opportunity to weigh the merits of the report will come a sound and lasting conclusions on which to base an acceptance or rejection of the plan.

One thing is sure, the Dawes committee, through its chairman, has handed down the report with instructions to "take it or leave it". It is at least encouraging to know that something definite has been suggested to the world on the great question. Right or wrong, Dawes is sure he is right, and it may take just such determination and powerful suggestions as that to bring the antagonistic forces to the point of final settlement.

RADIO—A HOUSEHOLD NECESSITY

The time has passed when Radio is looked upon as a plaything. It has passed through the preliminary and experimental stages. It has come to a point where the public expects service and amusement of high class. If nearby stations do not furnish the kind of program desired it is only a matter of a few moments to turn them out and tune in the distant ones. Some stations broadcast every half hour during the day and night, giving the important news and market reports, in a few minutes.

Radio is fast assuming a household necessity, and is found in millions of homes today for service as well as amusement.

ORGANIZATION

Individual effort could never have built the Panama Canal or won the World War. One person, no matter how strenuous, never put a town on the map, or won distinction for a cause. Corporations, communities and schools are made big, dominating, and effective only through the everlasting team-work of organization.

"My mother was an angel on earth. She has been a spirit from above watching over me for good. Without her the world feels to me like a solitude."—John Quincy Adams.

"It is to my mother that I owe everything. If I did not perish long ago in sin and misery, it is because of the long and faithful years in which she pleaded for me. What comparison is there between the honor I paid her and her slavery for me?"—St. Augustine.

The annual meeting of the Country Woman's Club will be held next Monday, May 12, at the home of Mrs. H. H. Weaver on Winchester Road. Members are to meet at the Library at 2:00 p. m. and provision will be made for those not having their own machines. Every member is urged to make a special effort to attend as a majority of members is necessary for the transaction of business. Please be prompt.

Miss Eveline Ferro has accepted a position at the Orchard City Bakery for the summer.

Whether you travel at home or abroad

safety of your valuables is of primary importance to your peace of mind.

Town Tales

Tersely Told

H. C. Smith transacted business in San Francisco Tuesday.

Mrs. Helen Dodge left Tuesday to spend some time at her Twin Lake cottage.

Mr. and Mrs. T. L. Mendel motored to Pacific Grove Saturday for an over-Sunday stay at the coast.

Several ladies from the local W. C. T. U. are attending the county convention in San Jose this week.

Mr. and Mrs. R. G. Archibald and Winifield went to Twin Lakes Sunday for a breath of salt air returning Tuesday in time to vote.

Tuesday evening the first degree team of Morning Light Lodge, I. O. O. F., went to Los Gatos and put on the work for Ridgely Lodge.

Monday evening the Past Masters of Charity Lodge, F. & A. M., will confer the third degree upon a candidate for membership in the order.

C. E. Glass arrived Sunday by auto from Utah via the southern part of the state and joined his wife who is with her mother, Mrs. Ellen R. Smith.

Mrs. Hattie Dunham and Mrs. Donald McQueen and children went to Bethany Monday to visit their daughter and sister, Mrs. Geo. Ray.

Mr. and Mrs. Geo. E. Hyde left Saturday for a six weeks trip thru the east. They will visit all the larger markets for canned fruit, and visit relatives as well.

V. Wayne Moore, who has made his home with his brother, James A. Moore and family for the past year has moved to San Jose where he is employed.

Mrs. F. A. Newton, who has been ill for some time and underwent an operation is able to make short excursions from home again and her friends hope for her complete recovery.

Mrs. Ellen R. Smith and Mr. R. Y. Maxon were elected delegates to the church association meeting held in Saratoga Tuesday and Wednesday. Several other members of the church were also in attendance.

Albert Johnson, of Illinois, brother of Mrs. Christine Johnson and uncle of Miss Kittie Johnson, arrived Wednesday evening from a winter sojourn in the south. The length of his visit is undetermined as yet.

The sidewalk has been put down along most of the lots on south Central avenue which has greatly added to the general appearance of the street and it is hoped that the balance of the work will be completed within a short time.

Orie Grizzle is now established in his new location which has been thoroughly renovated and changed. Fresh paint and tinting has made both interior and front attractive and with convenient arrangements, Mr. Grizzle is now better prepared to serve the public.

The members of Charity Lodge No. 362, F. & A. M. were present in a body Sunday morning at the Congregational church upon the invitation of Rev. W. E. Eckles. Special music and a sermon fittingly based upon a text appropriate to the organization were given in their honor.

The regular monthly meeting of the high school P. T. A. will be held Tuesday next, May 13, at 3 o'clock in the assembly room. Every mother of a high school student is urged to attend. Your presence and help are needed, and the welfare of your children is considered at these gatherings.

Miss Elizabeth Aschmann, daughter of the late Mr. and Mrs. Aschmann, died Sunday, May 4, and funeral services were held Wednesday from the family home on Infirmary Road and from the Burbank church. Miss Aschmann was a student at C. U. H. S. when she was taken ill a few weeks ago and her death is a severe loss to her classmates.

CAMPBELL SUPPORTS

PRES. COOLIDGE

The primary election passed off very quietly with a good percentage of registered votes cast. For the three Campbell precincts the results were for the chief candidates:

	Johnson	Coolidge	McAdoo
1	24	50	15
2	21	63	12
3	18	94	12
Total	63	207	39

In each precinct three or four votes were cast for the No preference delegates on the democratic ticket and for the socialist group.

RADIO CONCERT

Chas. W. Shumway, Campbell's popular battery doctor and radio genius, has been giving the public some very fine music thru radio sets he has set up. Saturday and Sunday evening his loud speaker could easily be heard two blocks away. He has a sort of insight into the uncanny works of such machines so that he easily gets the best possible results. So well pleased were the hearers the first of the week that Charlie has been asked to give another concert.

Arrangements have been made so that all who wish may hear a radio concert at the Shumway plant from 1 to 5:30 tomorrow afternoon. This concert will consist of a program of orchestra and male voices.

MOTHER'S DAY

Next Sunday is the one day in the year when we especially honor our mothers. At the Congregational church at 11 o'clock, a Mother's Day service will mark the day, with an address given by Mrs. Helen Street Ranney, of San Francisco. If possible bring your mother to this service and sit with her. Mrs. Ranney is the executive secretary of the Board of Missions for the Pacific and is a very pleasing speaker.

The first teams of the C. U. H. S. basket ball and base ball, both boys and girls, held their annual picnic at Long Bridge yesterday. Leaving shortly after school they reached Long Bridge before supper, having time to engage in a few minor sports before the weiners and other picnic delectables demanded their attention. The usual diversion passed the twilight hours until time to crank the flivers for home arrived.

Frank and Adah Nelson were down from Berkeley Sunday visiting relatives and friends.

Mrs. Lillian Olds, former resident of Campbell, for a number of years, but who has recently been living in San Diego, is again in Campbell. She is located with Mrs. J. D. Sharpless and may remain thru the summer.

James Fablinger, Jr., who has been desirous of entering the Forestry Service has been accepted by the department and been appointed to a position in Lake County, one of the many beautiful forest sections of the state.

GRAMMAR SCHOOL NOTES

Mrs. Keesling's room, the high second, had the highest attendance during the month of April and so won the attendance prize.

The P. T. A. held its regular meeting May 6. The kindergarten, of which Miss Lewis is the teacher, won the prize for having the most mothers present at the meeting.

The schools competing in the track meet Friday, May 9, are: Penetencia, Campbell, Saratoga, and Los Gatos. The morning program to be given at 10 a. m. in the auditorium is as follows: Song—"America, the Beautiful" Spelling Match—Three Contestants from each school.

Declamation Contest—Lincoln's Gettysburg Address, one contestant from each school. Arithmetic Match—Three Contestants from each school.

Song—"Star Spangled Banner." The main track events which take place in the afternoon on the school grounds are: Boys and girls dashes and relays, boys high jump and girls' throw for strike.

There will be exhibits of work in each room. The rooms will be open for visitors after the

"Can't Afford to Paint."

The man who says that, forgets that painting properly done is economy, and the fact is he can't afford NOT to paint.

How often you require to paint is largely dependent upon the paint you use.

THE
SHERWIN-WILLIAMS
PAINTS

out last others. They are the most economical paints you can use, because they cover most and wear longest. Add to this their good appearance, and you have perfect paints—The Sherwin-Williams Paints.

They are made for many different kinds of painting. Whatever it is you want to paint—a house, or anything in or out of the house—we make the right paint for that particular purpose—not one slap-dash mixture for all.

Ex-Wife Rejects Thaw Offer
Atlantic City.—Harry K. Thaw's offer of \$10 a day for the support of Evelyn Nesbit was rejected by the Pittsburgh man's former wife. Miss Nesbit intimated she was not done with her fight in behalf of her son.

Paddock Equals Own Mark
Des Moines.—Running against the field, Charles Paddock, University of California, equaled his world's record of .00 3-5 seconds, at the opening of the Drake relays. Everingham of Iowa, second; Phelps of Iowa, third.

Harriman Weds Model
New York.—Oliver C. Harriman, son of the New York banker, and his "hat model friend" sailed on the majestic on their honeymoon. The bride was Miss Harriet M. Hewitt. The couple refused to see reporters.

Ex-Kaiser Blames U
Berlin.—The United States was the cause of the defeat of Germany, according to ex-Kaiser Wilhelm II, who is quoted by Lieutenant Colonel Nissman, former personal attache of the ex-emperor's suite during the war.

MOTHERS OF GREAT MEN

Sunday is Mother's Day, which has now been observed for several years with special services in the churches, and by the sending of cards and letters where the mother is at a distance.

Many of our great characters from every walk in life have paid tribute to their mothers as the source of much of their inspiration.

We are here printing a few of those tributes from the lips and pens of well known persons:

"If I had all the mothers I ever saw to choose from, I would have chosen you, my mother."
—Carlyle.

"In after life you may have friends, but never will you again have the inexpressible love and gentleness lavished upon you which a mother bestows."
—Macaulay.

"What would I not give to call my dear mother back to earth for a single day, to ask her pardon on my knees for all those acts by which I grieved her gentle spirit."
—Charles Lamb.

"All I am, all that I hope to be, I owe to my angel mother—blessings on her memory! I remember my mother's prayers. They have clung to me all my life."
—Abraham Lincoln.

Former United States Senator Cornelius Cole, age 101, is busy with plans for a \$150,000 apartment house which he expects to have completed before he is 102. It is to be built on part of a 500-acre tract the senator picked up at Los Angeles back in 1871.

Thieves broke into the Lassen county jail at Susanville and stole seventy gallons of Jackass whisky from a padded cell of the insane ward. They then broke into a garage and stole a new automobile for use in carrying away the loot. The automobile was found about five miles out of town.

NOTICE OF ASSESSMENT

Santa Clara Valley Water Company. Location of principal place of business, Campbell, California.

Notice is hereby given: That at a meeting of the Directors, held on the 18th of April, A. D. 1924, an assessment of One and 50 one-hundredths (\$1.50) Dollars per share was levied upon the capital stock of the corporation, payable immediately to the Secretary of said Corporation, at the office of said Corporation, No. 1 Campbell Avenue, at the northeast corner of Campbell Avenue and Central Avenue, in Campbell, Santa Clara County California. Any stock upon which this assessment shall remain unpaid on the 20th day of May, 1924, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on the 25th day of June, 1924, to pay the delinquent assessment, together with costs of advertising and expenses of sale.

By order of the Board of Directors.
E. R. Kennedy,
Secretary Santa Clara Valley Water Company.
Office No. 1, Campbell Avenue, Campbell, California.

To the VOTERS OF THE 27th SENATORIAL DISTRICT:

I hereby announce my candidacy for the position of State Senator from the 27th District of the State of California.

This announcement and my candidacy are on my own initiative and not at the request of friends or any organization whatsoever. I am not an unwilling candidate yielding to pressure from others to enter upon a field of public service.

Having dedicated my life to public service I am desirous of functioning as efficiently as possible, and after nine years of full time service as a volunteer worker particularly along legislative lines I now ask your support for an official position that I may serve you more effectively.

My platform has two broad planks:

1. Industrial development of Santa Clara County.
2. Human welfare.

My credentials are my past record.

I cordially invite the support of all individuals and organizations who can endorse my platform.

I thank you.
(Mrs.) Josephine Rand Rogers,
550 So. Sixth St.,
San Jose, Calif.

The twenty-five
Pierce-Arrow touring
cars used on
"The Horseshoe
Route" out of Merced
to Yosemite are
lubricated exclusively
with Zerolene.

Seeing YOSEMITE on
ZEROLENE-lubricated bearings

If you haven't traveled the Horseshoe Route out of Merced to Yosemite in one of the Pierce-Arrow touring cars operated by the Yosemite Stage and Turnpike Company, you've missed something.

But whether or not you have made this trip, you'll be interested, as a motorist, in knowing that the twenty-five Pierce-Arrow cars used in this service are lubricated with Zerolene. The manager of this famous stage line writes:

"We have been operating a stage line since 1911 and have always used Zerolene. Recently we disposed of some cars that had been in our service for ten years, and during that period none of them had ever had a bearing scraped."

Whether you drive a Pierce-Arrow or a Ford, the use of Zerolene, of the proper body, will not only cut down your oil bill, but give you greater gasoline mileage, less carbon, lower upkeep costs, and a longer life for your car.

ZEROLENE
F
for FORDS
—the Standard Oil Company's new improved oil for Ford cars "Feeds Those Oil-Starved Fords."

Big users refuse to pay tribute to the old superstition that there is something mysteriously "better" about "eastern" oils — why should you pay that tribute?

Insist on Zerolene, even if it does cost less.

STANDARD OIL COMPANY
(CALIFORNIA)

This booklet reports independent service tests of Zerolene made by a number of large users. Ask any Standard Oil Company sales representative or Zerolene dealer for a copy.

THE UNIVERSAL CAR

A Welcome Member
of the Family

A MOTOR car is never more appreciated than in the springtime. Its convenience and enjoyment are shared by all the family—and by speeding up the day's work, it provides more time for recreation.

A Ford Touring Car provides every motor car essential at the lowest price for which a five passenger car has ever sold—a price only made possible by complete manufacture, in tremendous volume, in the largest and most economically operated plants in the automobile industry.

Efficiency of manufacture is accurately reflected in the quality and price of the Ford Touring Car.
